

- **Organisation: Treatt**
- **Qualifications: Laboratory Technician Level 2 (2016 – 2017)
Chartered Manager Degree Level 6 (2019 – 2023)**

In the last 4 years Treatt has embarked on 8 apprenticeship programmes, but one apprentice in particular brings an amazing story.

Chloe joined us in 2016 at 17 years old, having just completed her A-Levels. Chloe excelled in her role as Laboratory Technician and passed her apprenticeship with flying colours, she also was nominated for 'Apprentice of the Year' at 4 regional apprenticeship award ceremonies, including the National Apprenticeship Awards 2018.

In 2018, Chloe moved into the role of Executive PA to the CEO. Chloe had impressed senior management during her short time with Treatt and her potential shone through. To support Chloe in her new role we have enrolled her on a Chartered Manager Degree Level 6 Apprenticeship.

Chloe, along with all our Apprentices bring enthusiasm, fresh perspectives, new ideas and long-term development opportunities to Treatt.

Chloe shared why she loves her apprenticeship; "My apprenticeship has provided me with a range of skills and knowledge which I can apply to my job role at Treatt. I have gained hands-on experience, whilst also working towards a nationally recognised qualification; a fantastic platform to build my own success and assist my professional development in the future".
