GUEST CAN SAFELY
TRAVEL HOME...

In the event of a positive result, guests and their close contacts (e.g. those staying in the same accommodation) must follow NHS Test and Trace advice to isolate for at least **10 days**. Guest must inform accommodation provider of result.

In the event of a negative result guests should continue to isolate until they have been free of a high temperature for 48 hours, without the use of medicines such as paracetamol.

For those who can safely (i.e. in private transport and without needing to leave the vehicle) make the journey home to isolate they should be advised to follow **NHS Test & Trace Guidance**, and Public Health England **Stay at Home advice**.

Accommodation could provide cleaning products and hand sanitiser, for guests to use whilst isolating to minimise the risk of spread to other members of their group.

Accommodation provider notifies Norfolk Outbreak Management Team' on **phnorfolkcomc@norfolk.gov.uk** or **01603 223219**

Guests can phone Norfolk County Council on **0344 800 8020** for support whilst self-isolating.

Any guests identified as a close contact of a case will also need to self-isolate.
